HackSpire 2025: Building AI for Social Good

HackSpire 2025, a 24-hour inter-institute hackathon organized by ASPDC in collaboration with SRISTI Network under FEST at Adani University, centered around the theme "kindAI: Smart Solutions for Social Good". The event attracted over 180 team registrations from across India, with 31 teams shortlisted for the final round. Participants developed AI/ML-driven solutions addressing challenges in healthcare, education, and mental well-being. The runner-up position was proudly secured by a team of Adani University, while the winning team hailed from LDCE.

Adani University Inaugurates "The Literary Club" on World Book Day

Adani University celebrated World Book Day with the inauguration of The Literary Club, graced by Prof. Amish Vyas, Registrar, Adani University. The event aimed to foster a love for literature and critical thinking among students. Two parallel activities marked the occasion — a Cozy Reading Corner, where students and faculty enjoyed their favorite books in a peaceful setting, and a Group Debate featuring six teams. Shivam Markandeya and Akshat Chaudhary emerged as the winners while Hitansh Dave and Maharsh Bhatt were the runners- up.

Participation in Panel Discussion on Financial Volatility

Dr. Riya Shah (Assistant Professor, Faculty of Management Sciences) participated in a compelling panel discussion on "Financial Volatility in the Indian Economy" at the Sardar Patel Institute of Economic & Social Research. The session, chaired by Prof. Sundarvalli Narayanswami from IIM Ahmedabad, featured experts including Dr. Parag Patel, Mr. Nayan Parikh, and Dr. Ankit Shah. The panel examined market fluctuations, policy responses, and strategies for economic stability. Dr. Shah contributed meaningful insights and proudly represented Adani University on this impactful academic exchange.

Expert Session on Interview Preparation at GTU

Dr. Pratima Rai (Assistant Professor, Faculty of Sciences) conducted an expert session on "Preparation for an Interview" at the School of Management Studies, Gujarat Technological University (GTU). The 2-hour session focused on enhancing interview skills, resume building, and professional etiquette. Students gained valuable insights into handling both virtual and in-person interviews with confidence. Dr. Rai emphasized practical strategies for effective communication, presentation, and professionalism. The interactive session was well-received and aimed to empower students to approach job interviews with greater clarity and preparation.
