Condolence Message to Family of Dr. Shiba Prasad Parhi

We are deeply saddened by the passing of our dear colleague, Dr. Shiba Prasad Parhi, Associate Professor at Adani University. A valued member of the Faculty of Management Sciences (FMS), he was known for his passion, integrity, and unwavering commitment to his students, always going above and beyond as a mentor and guide. His untimely passing has left a void among both students and colleagues. As a senior faculty member, he selflessly supported younger colleagues in their research and continuously sought to expand his knowledge. His warmth, dedication, and positive spirit will be greatly missed. We pray for his eternal peace and extend our deepest condolences to his family for raising such an exceptional person.

Gateway to Adani Program

Insights from Mr. Navin Malhotra and
Mr. Hemal Shah (Adani Cement Leadership)

Adani University hosted the 4th CEO Session: Gateways to Adani, an exclusive initiative designed for students, featuring key industry leaders from Adani Cement. During the session, Mr. Navin Malhotra and Mr. Hemal Shah shared invaluable insights into Adani Cement's growth strategies, digital transformation efforts, and their commitment to sustainability in the cement industry. The leaders highlighted Adani Cement's focus on expanding green cement production and implementing cost optimization strategies to strengthen its competitive edge. This session provided students with an opportunity to explore the strategic vision of Adani Cement as part of the Adani Group, focusing on both sustainable growth and technological advancements within the industry.

Academic and Administrative Audit

Adani University recently underwent a comprehensive Academic and Administrative Audit, conducted by distinguished auditors Prof. (Dr.) D.P. Agarwal a renowned academic and former Chairman of UPSC, India, Dr. Kawaljeet Singh Director, University Computer Centre, Punjabi University, Patiala, and Dr. Varinder Singh Kanwar, CEO of NABET (National Accreditation Board for Education and Training). The audit focused on evaluating the university's academic performance, administrative processes, and overall operational efficiency. The team of experts meticulously assessed various aspects of the university, ensuring that it adheres to best practices in education, governance, and resource management. The findings of this audit will contribute to further strengthening the university's commitment to excellence and continuous improvement in providing high-quality education.

Academic Visit to IIT Ropar Campus

A delegation of Adani University recently visited the campus of IIT Ropar and discussed possible teaching, research and other academic collaborations. The meetings commenced with addressing PhD Scholars (submitted, or about to submit their thesis). A quick academic conversation occurred during a courtesy visit with Career Development & Placement Cell representatives. The team members and Dr. Tharamani C N had a thorough conversation regarding the state of green hydrogen research and potential cooperation with Adani University.
