Inaugural Session of Ph.D. July 2025 Batch

Adani University warmly welcomed the newly admitted Ph.D. scholars of the July 2025 batch in an engaging inaugural session. The event began with a welcome address, followed by Prof. Sunil Jha, Dean of Research, who outlined the Ph.D. program's academic structure, coursework, research expectations, and support available. Inspiring the scholars, Provost Prof. Ravi P. Singh stressed that a Ph.D. must be driven by passion, not obligation, and that there are no shortcuts in research. He called the scholars brand ambassadors, whose dedication reflects the university's values and standards.

Expert Session by Mr. Ajay Kumar Tomar at Adani University

Mr. Ajay Kumar Tomar, Joint President and Group Head, Cadre Excellence and Leadership Development at the Adani Group, addressed the students of Integrated Programs at Adani University in an expert session. Drawing on his anecdotal experiences as a retired Director General of Police (DGP) and a lifelong learner, he motivated students to pursue their own path in life. He encouraged them to increase their "luck surface area" through curiosity, initiative, and introspection. By following their passions and interests, Mr. Tomar emphasized, students would be better prepared to thrive in the VUCA (volatile, uncertain, complex, and ambiguous) world.

Session on Bridging Academia to Industry:

Real World Challenges in Construction Project Management

Department of Civil and Infrastructure Engineering organized an expert session for the newly admitted M.Tech. Construction Engineering and Management students. Mr. Priyang Panchal, Project Head at Adani Infrastructure India Ltd., delivered an insightful talk on bridging the gap between academic knowledge and industry practices. He highlighted emerging trends, innovative technologies, and real-world challenges faced in construction project management. The session emphasized the importance of practical exposure, adaptability, and critical thinking in navigating complex project environments, encouraging students to align their learning with industry needs and expectations.
