## Adani University Celebrates Unity and Service at AU स्नेहफेस्ट 2026

Adani University hosted **AU स्नेहफेस्ट** (Sneh-Fest) 2026 – Celebrating Togetherness on 23 January 2026, transforming the campus into a vibrant space of celebration, connection, and shared joy for faculty members, staff, and their families. The event featured a range of engaging activities for all ages, fostering a warm, welcoming atmosphere of camaraderie. A key highlight of the celebration was a felicitation ceremony recognizing employees who completed 10 or more years of dedicated service. The celebrations concluded with a community dinner, offering colleagues and their families an opportunity to interact beyond the workplace and strengthen institutional bonds. **AU स्नेहफेस्ट** 2026 stood as a testament to Adani University's emphasis on inclusivity, appreciation, and community spirit.

Expert Talk on

## Space Systems at Adani University

Adani University successfully hosted an expert session by Er. Dinesh Agrawal, senior scientist and Head, INCC, SAC-ISRO, Ahmedabad, on 20 January 2026. The lecture provided a concise technical overview of aerospace and satellite systems, covering the fundamentals of satellite subsystems, the realization of space electronics hardware, and comparisons between drone, jet, and missile technologies. Drawing from his extensive experience with landmark ISRO missions, including Chandrayaan and Aditya-L1, he also highlighted internships and career opportunities in the Indian space sector. The session inspired students and faculty, strengthening industry-academia interaction and interest in space technologies.

## Expert Session on **Career Development**

The Career Development Cell conducted an expert session with career counsellor Mr. Bipin Khanduri on 9<sup>th</sup> January 2026. Mr. Khanduri's practical guidance, real-world insights, and personalized mentoring empowered students to make informed decisions early in their academic journey. The session successfully bridged the gap between classroom learning and industry expectations, helping students understand the importance of goal setting, skill development, and global exposure. Such initiatives play a vital role in building students' confidence, clarity, and career readiness. The session was highly impactful in shaping students' perspectives on their future careers. CDC remains committed to organizing more such sessions to nurture future-ready professionals.

## National Hackathon in Collaboration with Odoo India

Adani University in collaboration with Odoo India, organised a 24-hour National Hackathon on 24–25 January 2026. The event received a strong national response, with over 530 teams and more than 1,500 participants. Following a rigorous evaluation process, 106 teams from approximately 30 cities across India were shortlisted. During the 24-hour event, teams worked intensively to develop innovative solutions to real-world problem statements and were evaluated on innovation, technical feasibility, scalability, and presentation. Notably, two of the three winning teams were from Adani University, reflecting its emphasis on applied and industry-relevant learning.
