Celebrating the 100th Edition of AU-Inshorts

Adani University is pleased to announce that the 100th edition of AU InShorts has been completed successfully. It was started in February 2023 in order to compile and disseminate the weekly activity of every university department. Significant accomplishments by students, teachers, and outside partners of the university are published in the weekly blitz.

This disciplined weekly dedication has been crucial in advancing institutional communication. Thanks to the collective efforts of Faculty, Staff, Students, Administrators, Department Editors, Design Editor, Social Media Editor, Managing Editor, Head PR, and Editor in Chief. We will keep you updated with the latest developments in upcoming weeks.

Transforming India's Aviation Landscape: Insights from Mr. Amit Grover

Mr. Amit Grover, CEO – City Side Development at Adani Airports Holding Limited (AAHL), shared key insights during the third CEO session of the “Gateway to Adani” program.

He emphasized AAHL's role in revolutionizing India's aviation sector, blending world-class airport facilities with cutting-edge digital innovations. AAHL is committed to sustainability and enhancing passenger experiences. By integrating city-side developments and focusing on connectivity, airports like Mumbai and Ahmedabad are emerging as global hubs, setting new standards for excellence in aviation and medical tourism.

Hour of Code at AU

ACM Event for Web Development & C Programming

As a flagship event of ACM, hour of code with fully sponsored Pizza Party was hosted by ACM-W and ACM Student Chapters successfully, engaging students in an intensive technical challenge. The event centered on practical debugging and problem-solving skills, presenting participants with carefully crafted for Web Development and C Programming track. Hour of Code is a global movement designed to generate excitement in young people about programming and technology. This event is a part of CSEd Week which is an annual call to inspire students to learn computer science skills, advocate for equity in computer science education, and celebrate the contributions of students, teachers, and partners to the field.
