IKS Workshop on Integration of Indian Knowledge Systems (IKS) in Higher Education

Adani University organized a workshop on the Integration of Indian Knowledge Systems (IKS) in Higher Education on March 21, 2026, bringing together scholars and educators for meaningful dialogue. Prof. (Dr.) Dhaval Pujara emphasized the importance of integrating IKS into curricula in accordance with NEP 2020, while Prof. Ganti S. Murthy outlined the workshop's objectives and structure. Sessions by Prof. Mohan Raghavan, Prof. Vinayak Rajat Bhat, Prof. Shankara Rama Sharma, and Prof. Pavan Kumar Hari explored philosophical foundations and practical applications. The workshop concluded with collaborative discussions that reinforced holistic and interdisciplinary learning.

Expert Session on Construction Project Management

On March 20, 2026, students of M.Tech. in Construction Engineering and Management attended an expert session on Construction Project Management delivered by Mr. Parijat Mondal. The session, linked to Resource Management, focused on evolving project deliverables, planning processes, Work Breakdown Structure (WBS), schedule management, and resource allocation. Practical insights were shared through WBS examples of a two-lane road and an educational institute project. The session enhanced students' understanding of planning requirements and demonstrated how effective WBS application can improve project efficiency and execution.
