

## **How to Participate & Team Formation Guidelines**

To ensure a smooth and error-free registration process, all participants must carefully follow the instructions below.

### **Step 1: Individual Registration (Mandatory)**

- Each participant must register individually.
- Team registrations will not be accepted as a single entry.
- Every participant must fill out the official event registration form using their own personal details.

### **Step 2: Selecting Competition Category**

During registration, participants must select whether they wish to participate in a competition:

- RC Robo Race
- Autonomous Maze Solver
- Not participating in any competition (workshop-only participants)

Participants may select only one competition.

### **Step 3: Team Formation (For Competition Participants Only)**

- Teams are formed during the registration process, not separately.
- Maximum team size: 2 members
- To form a team:
  - Both members must enter the exact same team name in the “Team Name” field.
  - Team names must match character-by-character (same spelling, spacing, and capitalization).
